

HOW TO MAKE PAYMENTS WITH PAYPAL

To pay for Success By Design coaching services by credit card, or from your checking account, on this site, you must first register (free) with PayPal on a one-page registration form.

Follow the steps below once to set up an account. Then you will be able to pay Success By Design and anyone else using PayPal, conveniently!

- ◆ When you know the amount of the transaction, click on the PayPal logo on this site and fill out the 'New Member' form.
- ◆ When you have confirmed your Email address with PayPal, you may login to your account.
- ◆ Under "Activate Account" click on 'Add a Credit Card' and fill out the form that comes up. Your credit card will be authorized to \$500 within about 30 seconds.
- ◆ At the top of the PayPal Account page (in blue) click on the 'Email Money' tab and fill out the form. Be sure to put my Email (cynthia@successbydesign.net) in the 'Email Recipient' (first box) and the total amount of the transaction, and fill out the rest of the form including your Email in 'Email Subject' box.

If you wish to leave me a message (such as the type of services paid for, etc.), you may do so under 'Note'. Click on 'Email Money' at the bottom of the form...and that is all there is to it! PayPal will authorize your credit card payment and transmit the appropriate funds to the Success By Design PayPal account.
