

CREATING YOUR PROSPERITY BOX

- * POWER * PEACE * PROSPERITY *
- * PERSERVERANCE * PASSION *
- * CONCEIVE * BELIEVE * RETRIEVE *

As we balance and harmonize our energy fields and move into unity consciousness, we are offered the gift of the first ray of divine will and power. If we use this wondrous gift for the highest good of all, there is no limit to what we can manifest. We must first claim our right to all the beauty, bounty, and abundance of creation, and then share it with others. We must be the examples and show that abundance, joy, love, peace and harmony are all part of our spiritual heritage.

By balancing and unifying the chakras and rays of the physical/solar system level, the gateway to the twelve galactic rays is made available to us. This includes the virtues and attributes of manifestation of the unmanifested potential of the fifth dimension and higher. By joining with our brother and sister warriors of peace in the pyramid of power, we tap into the divine potential. To create a brave, new world filled with love, peace, prosperity and joyful co-existence. You must clear your subconscious mind of old self-limiting thought forms in order to ignite the dormant energy within.

We will do this through ritual and visualization, and by assisting each other to “seed” our prosperity through the synergy of conscious unified intent.

Here are the steps to opening your prosperity/creativity gateway:

Create a prosperity box: Buy or make a box that expresses your desire for abundance. It may be covered with gold foil or colored stones, flowers, feathers, or a carved box—anything that is pleasing to your eyes and reflects your individual taste. Write a recap or bullet points for your prosperity intent statement. You must “BE” (become) that which you desire, and “DO” (whatever it takes) in order to “HAVE” that which you desire. Money is a form of abundance—it represents energy expended and time spent to accomplish or create something. There are many more forms of abundance than money that bring great satisfaction. Begin to see money only as a means to abundance and happiness—it allows you to achieve the end result you desire: prosperity, peace and joy and a meaningful existence—money of itself is only paper.

Using a red pen, write out in detail your “PROSPERITY INTENT STATEMENT,” beginning with: YOUR MEANINGFUL PURPOSE * What you would like to accomplish in this lifetime. In detail, write down at least three major goals you would love to attain within six months. In detail, write down three or more major goals you desire to attain within a year. Write these goals in the order of importance: #1 your major goal, #2 your second most important goal, and so on.

CONTINUED

YOUR VISION * Using an orange pen, outline how you would like to accomplish your purpose (what steps you are willing to take). On another piece of paper (use a blue or purple pen) list the things that you feel are holding you back from accomplishing your mission and creating your vision. Outline the outmoded thoughts you must release in order to “BECOME” that which you wish to be. When you are finished, say something like this: “I now place these thought forms that no longer serve me in my Pyramid of Power to be transmuted into pure, neutral Light substance.” Then tear up the paper and throw it away.

SEEDING YOUR PROSPERITY BOX: Place a crystal or one of your spiritual “treasures” in your Prosperity Box along with some cash—any amount will do. Leave it there for a few days and then take it out and spend it on something that brings you joy as you give thanks for the gift. Treat yourself to something frivolous and enjoy it to the fullest. When you receive an unexpected gift of abundance, place it in your Prosperity Box for a few days before spending it. **GIVE SOME SEED MONEY** to someone else and show them how to create their Prosperity Box. Make them promise to spend the money on something that delights them. Ask them to share the gift of the Pyramid of Power and the Prosperity Box with others. Together we can create a world of never-ending supply. Happy creating, dear friends. Love and angel blessings, Ronna
